

Hana Microelectronics Public Company Limited  
and its subsidiaries  
Report and consolidated and separate financial statements  
31 December 2025

## **Independent Auditor's Report**

To the Shareholders of Hana Microelectronics Public Company Limited

### **Opinion**

I have audited the accompanying consolidated financial statements of Hana Microelectronics Public Company Limited and its subsidiaries (the Group), which comprise the consolidated statement of financial position as at 31 December 2025, and the related consolidated statements of income, comprehensive income, changes in shareholders' equity and cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information, and have also audited the separate financial statements of Hana Microelectronics Public Company Limited for the same period (collectively "the financial statements").

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Hana Microelectronics Public Company Limited and its subsidiaries and of Hana Microelectronics Public Company Limited as at 31 December 2025, their financial performance and cash flows for the year then ended in accordance with Thai Financial Reporting Standards.

### **Basis for Opinion**

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Group in accordance with the Code of Ethics for Professional Accountants including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

### **Key Audit Matters**

Key audit matters are those matters that, in my professional judgement, were of most significance in my audit of the financial statements of the current period. These matters were addressed in the context of my audit of the financial statements as a whole, and in forming my opinion thereon, and I do not provide a separate opinion on these matters.

I have fulfilled the responsibilities described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report, including in relation to these matters. Accordingly, my audit included the performance of procedures designed to respond to my assessment of the risks of material misstatement of the financial statements. The results of my audit procedures, including the procedures performed to address the matters below, provide the basis for my audit opinion on the accompanying financial statements as a whole.

The key audit matters and how audit procedures respond for each matter are described below.

#### *Revenue recognition*

Revenue from sales are the accounting transactions that have significant volume of transactions and amounts, and directly affect profit or loss of the Group. The majority of the Group's sales transactions are conducted with a number of major overseas customers under a variety of arrangements and conditions which may impact the recognition of revenue of the Group causing risks with respect to the amount and timing of such revenue recognition.

I examined the revenue recognition of the Group by:

- Assessing and testing the Group's internal controls with respect to the revenue cycle by making enquiry of responsible executives, gaining an understanding of the controls and selecting representative samples to test the operation of the designed controls.
- Applying a sampling method to select sales to assess whether revenue recognition was consistent with the conditions or arrangement made with the customers, and whether it was in compliance with the Group's policy.
- On a sampling basis, examining supporting documents for actual sales transactions occurring during the year and near the end of the accounting period.
- Requesting for confirmations of consignment inventory balances located at customers' hubs at the end of the accounting period and on a sampling basis, examining supporting documents whether the consignment inventories were correctly excluded from sales for the year.
- Reviewing of credit notes that the Group issued after the end of the accounting period.
- Performing analytical procedures of disaggregated data to detect possible irregularities in sales transactions throughout the period, particularly for accounting entries made through journal vouchers.

## *Inventories*

Estimating the net realisable value of inventory, as disclosed in the related accounting policies in Note 4.3 and Note 5.1 to the financial statements, is an area requiring significant management judgement, particularly with regard to the estimation of allowance for diminution in the value of slow-moving and obsolete inventory. This requires detailed analysis of the product life cycle, the competitive environment, economic circumstances and the situation within the high-technology industry. There is a risk with respect to the amount of provision set aside for diminution in the value of inventory.

I assessed and tested the Group's internal controls relevant to the determination of provision for diminution in the value of inventory by making enquiry of responsible executives, gaining an understanding of the controls and selecting representative samples to test the operations of the designed controls. In addition, I also assessed the method and the assumptions applied by management in determining such provision. The procedures that I performed included:

- Gaining an understanding of the basis applied in determining the provision for diminution in value of inventory and reviewing the consistency of the application of that basis, and the rationale for the recording of specific provisions.
- Comparing the inventory holding periods and inventory movements to identify product lines with indicators of lower than normal inventory turnover.
- Comparing details of sales transactions occurring after the date of the financial statements with the cost of inventory for each product line.
- Comparing historical data of actual losses on sales and write-offs of inventory during each of the previous years with the provision for diminution in value of inventory recorded at the preceding year-end.

## **Other Information**

Management is responsible for the other information. The other information comprises the information included in annual report of the Group, but does not include the financial statements and my auditor's report thereon. The annual report of the Group is expected to be made available to me after the date of this auditor's report.

My opinion on the financial statements does not cover the other information and I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit or otherwise appears to be materially misstated.

When I read the annual report of the Group, if I conclude that there is a material misstatement therein, I am required to communicate the matter to those charged with governance for correction of the misstatement.

### **Responsibilities of Management and Those Charged with Governance for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Thai Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the group as a basis for forming an opinion on the consolidated financial statements. I am responsible for the direction, supervision and review of the audit work performed for the purposes of the group audit. I remain solely responsible for my audit opinion.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

I also provide those charged with governance with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, I determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. I describe these matters in my auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, I determine that a matter should not be communicated in my report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

I am responsible for the audit resulting in this independent auditor's report.

**Hana Microelectronics Public Company Limited and its subsidiaries**  
**Notes to financial statements**  
**For the year ended 31 December 2025**

**1. General information**

Hana Microelectronics Public Company Limited (“the Company”) was incorporated as a limited company under Thai law and transformed to be a public limited company under the Public Limited Companies Act on 27 January 1993. The Company operates its business in Thailand and is principally engaged in the manufacture and trading of electronic components. The registered office of the Company is at 65/98, Soi Vibhavadi-Rangsit 64, Junction 2, Kwang Talad Bangkhon, Khet Laksi, Bangkok.

**2. Basis of preparation**

2.1 The financial statements have been prepared in accordance with Thai Financial Reporting Standards enunciated under the Accounting Professions Act B.E. 2547 and their presentation has been made in compliance with the stipulations of the Notification of the Department of Business Development, issued under the Accounting Act B.E. 2543.

The financial statements in Thai language are the official statutory financial statements of the Company. The financial statements in English language have been translated from the Thai language financial statements.

The financial statements have been prepared on a historical cost basis except where otherwise disclosed in the accounting policies.

2.2 Basis of consolidation

a) The consolidated financial statements include the financial statements of Hana Microelectronics Public Company Limited (“the Company”) and the following subsidiary companies (“the subsidiaries”) (collectively as “the Group”):

Company's name	Nature of business	Country of incorporation	Percentage of shareholding	
			2025 Percent	2024 Percent
<b><u>Held by the Company</u></b>				
Hana Semiconductor (Ayutthaya) Company Limited	Manufacture and trading of electronic components	Thailand	58	58
Hana Semiconductor (BKK) Company Limited	Holding company	Thailand	100	100
Omac Sales Limited	Purchasing of electronic components and equipment	Hong Kong	100	100
Hana Microelectronics International Company Limited	Holding company	British Virgin Islands	100	100
Hana Microelectronics Investments Company Limited	Holding company	British Virgin Islands	100	100
Hana Microelectronics (Cambodia) Company Limited	Manufacture and trading of electronic components	Cambodia	100	100

Company's name	Nature of business	Country of incorporation	Percentage of shareholding	
			<u>2025</u> Percent	<u>2024</u> Percent
<b><u>Held through the subsidiaries</u></b>				
Hana Semiconductor (Ayutthaya) Company Limited	Manufacture and trading of electronic components	Thailand	42	42
Hana Semiconductor International Limited	Trading of electronic components	British Virgin Islands	100	100
Hana Microelectronics Enterprises Company Limited	Holding company	British Virgin Islands	100	100
Hana Technologies, Inc.	Manufacture and trading of electronic components	USA	100	100
Hana Microelectronics, Inc.	Agent and customer services	USA	100	100
Hana Macao Commercial Offshore Limited	Customer services	Macao	100	100
Hana Microelectronics (Jiaxing) Company Limited	Manufacture and trading of electronic components	China	100	100
Power Master Semiconductor Company Limited	Manufacture and trading of electronic components	South Korea	100	100

- b) The Company is deemed to have control over an investee or subsidiaries if it has rights, or is exposed, to variable returns from its involvement with the investee, and it has the ability to direct the activities that affect the amount of its returns.
- c) Subsidiaries are fully consolidated, being the date on which the Company obtains control, and continue to be consolidated until the date when such control ceases.
- d) The financial statements of the subsidiaries are prepared using the same significant accounting policies as the Company.
- e) The assets and liabilities in the financial statements of overseas subsidiary companies are translated to Thai Baht using the exchange rate prevailing on the end of reporting period, and revenues and expenses translated using monthly average exchange rates. The resulting differences are shown under the caption of "Exchange differences on translation of financial statements in foreign currency" in the statements of changes in shareholders' equity.
- f) Material balances and transactions between the Group have been eliminated from the consolidated financial statements.

2.3 The separate financial statements present investments in subsidiaries and associate under the cost method.

### **3. New financial reporting standards**

#### **3.1 Financial reporting standards that became effective in the current year**

During the year, the Group has adopted the revised financial reporting standards which are effective for fiscal years beginning on or after 1 January 2025. These financial reporting standards were aimed at alignment with the corresponding International Financial Reporting Standards with most of the changes directed towards clarifying accounting treatment and providing accounting guidance for users of the standards.

The adoption of these financial reporting standards does not have any significant impact on the Group's financial statements.

#### **3.2 Financial reporting standards that will become effective for fiscal years beginning on or after 1 January 2026**

The Federation of Accounting Professions issued a revised financial reporting standards, which are effective for fiscal years beginning on or after 1 January 2026. These financial reporting standards were aimed at alignment with the corresponding International Financial Reporting Standards with most of the changes directed towards clarifying accounting treatment and providing accounting guidance for users of the standards.

The management of the Group believes that adoption of these amendments will not have any significant impact on the Group's financial statements.

### **4. Accounting policies**

#### **4.1 Revenue and expense recognition**

##### *Sales of goods*

Revenue from sales of goods is recognised at the point in time when control of the asset is transferred to the customer, generally upon delivery of the goods. Revenue is measured at the amount of the consideration received or receivable, excluding value added tax, of goods supplied after deducting returns, discounts, allowances.

##### *Interest income*

Interest income is calculated using the effective interest method and recognised on an accrual basis. The effective interest rate is applied to the gross carrying amount of a financial asset, unless the financial assets subsequently become credit-impaired when it is applied to the net carrying amount of the financial asset (net of the expected credit loss allowance).

### *Dividends*

Dividends are recognised when the right to receive the dividends is established.

### *Finance cost*

Interest expense from financial liabilities at amortised cost is calculated using the effective interest method and recognised on an accrual basis.

## **4.2 Cash and cash equivalents**

Cash and cash equivalents consist of cash in hand and at banks, and all highly liquid investments with an original maturity of three months or less and not subject to withdrawal restrictions.

## **4.3 Inventories**

Raw materials, work in process, and finished goods are valued at the lower of cost (under weighted average method) and net realisable value. The cost of inventories is measured using the standard cost method, which approximates actual cost. Cost of finished goods and work in process include direct materials, direct labour, and factory overheads.

Allowance for diminution in inventory value is set up for obsolete, slow-moving or deteriorated inventories.

## **4.4 Investments in subsidiaries and associate**

Investment in associate is accounted for in the consolidated financial statements using the equity method.

Investments in subsidiaries and associate are accounted for in the separate financial statements using the cost method.

Allowance for diminution in value of investments is set up when the recovering amount of investments is lower than the investment cost.

## **4.5 Investment properties**

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment property is stated at cost less accumulated depreciation and allowance for loss on impairment (if any).

Depreciation of investment properties is calculated by reference to their costs on the straight-line basis over estimated useful lives of 20 years. Depreciation of the investment properties is included in determining income. No depreciation is provided on investment properties on land.

#### 4.6 Property, plant and equipment and depreciation

Land is stated at cost. Buildings and equipment are stated at cost less accumulated depreciation and allowance for loss on impairment of assets (if any).

Depreciation of plant and equipment is calculated by reference to their costs on the straight-line basis over the following estimated useful lives:

Leasehold improvements	period of lease
Buildings	10 - 39 years
Fixtures	10 - 22 years
Other assets	2 - 22 years

Depreciation is included in determining income. No depreciation is provided on land, construction in progress and machinery under installation.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on disposal of an asset is included in the income statement when the asset is derecognised.

#### 4.7 Intangible assets

Intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses (if any).

Research costs are expensed as incurred. An intangible asset arising from development expenditure on an individual project is recognised only when the Group can demonstrate the commercial and technical feasibility of completing the intangible asset and the availability to measure reliably the expenditure during the development. The cost will be amortised when the related products are commercially produced.

Intangible assets with finite lives are amortised on the straight-line basis over the economic useful life and tested for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method of such intangible assets are reviewed at least at each financial year end. The amortisation expense is charged to the income statement.

A summary of the intangible assets with finite useful lives is as follows:

	<u>Useful lives</u>
Computer software	3 - 10 years
Development costs	10 years

## 4.8 Leases

At inception of contract, the Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

### **The Group as a lessee**

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. At the commencement date of the lease (i.e. the date the underlying asset is available for use), the Group recognises right-of-use assets representing the right to use underlying assets and lease liabilities based on lease payments.

### ***Right-of-use assets***

Right-of-use assets is measured at cost, less accumulated depreciation, any accumulated impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities initially recognised, initial direct costs incurred, and lease payments made at or before the commencement date of the lease less any lease incentives received.

Depreciation of right-of-use assets is calculated by reference to their costs on the straight-line basis over the shorter of their estimated useful lives and the lease term.

Land	50	years
Buildings	2 - 28	years
Machinery and equipment	5	years

If ownership of the leased asset is transferred to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

Right-of-use assets are presented part of property, plant and equipment in the statement of financial position.

### ***Lease liabilities***

Lease liabilities are measured at the present value of the lease payments to be made over the lease term. The lease payments include fixed payments less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be payable under residual value guarantees. Moreover, the lease payments include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising an option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses in the period in which the event or condition that triggers the payment occurs.

The Group discounts the present value of the lease payments by the interest rate implicit in the lease or the Group's incremental borrowing rate. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a change in the lease term, a change in the lease payments or a change in the assessment of an option to purchase the underlying asset.

***Short-term leases and leases of low-value assets***

A lease that has a lease term less than or equal to 12 months from commencement date or a lease of low-value assets is recognised as expenses on a straight-line basis over the lease term.

**4.9 Related party transactions**

Related parties comprise individuals or enterprises that control, or are controlled by, the Company, whether directly or indirectly, or which are under common control with the Company.

They also include associate, and individuals or enterprises which directly or indirectly own a voting interest in the Company that gives them significant influence over the Company, key management personnel, directors, and officers with authority in the planning and direction of the Company's operations.

**4.10 Foreign currencies**

The consolidated and separate financial statements are presented in Baht, which is also the Company's functional currency. Items of each entity included in the consolidated financial statements are measured using the functional currency of that entity.

Transactions in foreign currencies are translated into Baht at the exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated into Baht at the exchange rate ruling at the end of reporting period.

Gains and losses on exchange are included in determining income.

#### **4.11 Impairment of non-financial assets**

At the end of each reporting period, the Group performs impairment reviews in respect of the property, plant and equipment, right-of-use assets, investment properties and other intangible assets whenever events or changes in circumstances indicate that an asset may be impaired. An impairment loss is recognised when the recoverable amount of an asset, which is the higher of the asset's fair value less costs to sell and its value in use, is less than the carrying amount. In determining value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs to sell, an appropriate valuation model is used. These calculations are corroborated by a valuation model that, based on information available, reflects the amount that the Group could obtain from the disposal of the asset in an arm's length transaction between knowledgeable, willing parties, after deducting the costs of disposal.

An impairment loss is recognised in profit or loss.

In the assessment of asset impairment, if there is any indication that previously recognised impairment losses may no longer exist or may have decreased, the Group estimates the asset's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The increased carrying amount of the asset attributable to a reversal of an impairment loss shall not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the income statement.

#### **4.12 Equity-settled share-based payments**

The Group recognises equity-settled share-based payment transactions when services are rendered by employees, based on the fair value of the stock grants at the grant date. The expenses, together with a corresponding increase in "Capital reserve for share-based payment transactions" in shareholders' equity, are recognised over the service period as specified in the plan.

The fair value of the share-based payment transactions is determined by taking into consideration performance conditions. At the end of each reporting period, the Group reassesses its estimates of the number of stock grants that will ultimately vest.

#### **4.13 Employee benefits**

##### ***Short-term employee benefits***

Salaries, wages, bonuses and contributions to the social security fund are recognised as expenses when incurred.

##### ***Post-employment benefits***

###### *Defined contribution plans*

The Group and its employees have jointly established a provident fund. The fund is monthly contributed to by the employees and the Group. The fund's assets are held in a separate trust fund and the Group's contributions are recognised as expenses when incurred.

###### *Defined benefit plans*

The Group has obligations in respect of the severance payments they must make to employees upon retirement under labor law. The Group treats these severance payment obligations as a defined benefit plan.

The obligation under the defined benefit plan is determined based on actuarial techniques, using the projected unit credit method.

Actuarial gains and losses arising from defined benefits plans are recognised immediately in other comprehensive income.

Past service costs are recognised in the income statement on the earlier of the date of the plan amendment or curtailment and the date that the restructuring-related costs are recognised.

##### ***Provision for vacation***

The Group has set up provision for vacation which is calculated in accordance with the Group's policy and formula, taking into consideration the employee's salary, the number of service years and the unused vacation days.

#### **4.14 Provisions**

Provisions are recognised when the Group has a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

##### **Provision for product warranty**

The Group records provision for product warranty, which is estimated by reference to obligation for product warranty under manufacturing contract.

#### **4.15 Income tax**

Income tax expense represents the sum of corporate income tax currently payable and deferred tax.

##### **Current tax**

Current income tax is provided in the accounts at the amount expected to be paid to the taxation authorities, based on taxable profits determined in accordance with tax legislation.

##### **Deferred tax**

Deferred income tax is provided on temporary differences between the tax bases of assets and liabilities and their carrying amounts at the end of each reporting period, using the tax rates enacted at the end of the reporting period.

The Group recognises deferred tax liabilities for all taxable temporary differences while it recognises deferred tax assets for all deductible temporary differences and tax losses carried forward to the extent that it is probable that future taxable profit will be available against which such deductible temporary differences and tax losses carried forward can be utilised.

At each reporting date, the Group reviews and reduces the carrying amount of deferred tax assets to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised.

The Group records deferred tax directly to shareholders' equity if the tax relates to items that are recorded directly to shareholders' equity.

#### **4.16 Financial instruments**

The Group initially measures financial assets at its fair value plus, in the case of financial assets that are not measured at fair value through profit or loss, transaction costs. However, trade receivables, that do not contain a significant financing component are measured at the transaction price as disclosed in the accounting policy relating to revenue recognition.

##### **Classification and measurement of financial assets**

Financial assets are classified, at initial recognition, as to be subsequently measured at amortised cost, fair value through other comprehensive income ("FVOCI"), or fair value through profit or loss ("FVTPL"). The classification of financial assets at initial recognition is driven by the Group's business model for managing the financial assets and the contractual cash flows characteristics of the financial assets.

### ***Financial assets at amortised cost***

The Group measures financial assets at amortised cost if the financial asset is held in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest rate (“EIR”) method and are subject to impairment. Gains and losses are recognised in the income statement when the asset is derecognised, modified or impaired.

### ***Financial assets at FVOCI (debt instruments)***

The Group measures financial assets at FVOCI if the financial asset is held to collect contractual cash flows and to sell the financial asset and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income, foreign exchange revaluation and impairment losses or reversals are recognised in the income statement and computed in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in other comprehensive income. Upon derecognition, the cumulative fair value change recognised in other comprehensive income is recycled to the income statement.

### ***Financial assets designated at FVOCI (equity instruments)***

Upon initial recognition, the Group can elect to irrevocably classify its equity investments which are not held for trading as equity instruments designated at FVOCI. The classification is determined on an instrument-by-instrument basis.

Gains and losses recognised in other comprehensive income on these financial assets are never recycled to the income statement.

Dividends are recognised as other income in the income statement, except when the dividends clearly represent a recovery of part of the cost of the financial asset, in which case, the gains are recognised in other comprehensive income.

Equity instruments designated at FVOCI are not subject to impairment assessment.

### ***Financial assets at FVTPL***

Financial assets measured at FVTPL are carried in the statement of financial position at fair value with net changes in fair value recognised in the income statement.

These financial assets include derivatives, security investments held for trading, equity investments which the Group has not irrevocably elected to classify at FVOCI and financial assets with cash flows that are not solely payments of principal and interest.

Dividends on listed equity investments are recognised as other income in the income statement.

### **Classification and measurement of financial liabilities**

Except for derivative liabilities, at initial recognition the Group's financial liabilities are recognised at fair value net of transaction costs and classified as liabilities to be subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in the income statement when the liabilities are derecognised as well as through the EIR amortisation process. In determining amortised cost, the Group takes into account any discounts or premiums on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in the income statement.

### **Regular way purchases and sales of financial assets**

Regular way purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the marketplace are recognised on the trade date, i.e., the date on which the Group commits to purchase or sell the asset.

### **Derecognition of financial instruments**

A financial asset is primarily derecognised when the rights to receive cash flows from the asset have expired or have been transferred and either the Group has transferred substantially all the risks and rewards of the asset, or the Group has transferred control of the asset.

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the income statement.

### **Impairment of financial assets**

The Group recognises an allowance for expected credit losses (“ECLs”) for all debt instruments not held at FVTPL. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate.

For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure (a lifetime ECL).

The Group considers a significant increase in credit risk to have occurred when contractual payments are more than 30 days past due and considers a financial asset as credit impaired or default when contractual payments are 90 days past due. However, in certain cases, the Group may also consider a financial asset to have a significant increase in credit risk and to be in default using other internal or external information, such as credit rating of issuers.

For trade receivables, the Group applies a simplified approach in calculating ECLs. Therefore, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date.

ECLs are calculated based on its historical credit loss experience and adjusted for forward-looking factors specific to the debtors and the economic environment.

A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

### **Offsetting of financial instruments**

Financial assets and financial liabilities are offset, and the net amount is reported in the statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

#### **4.17 Derivatives**

The Group has no policy to speculate in or engage in the trading of any financial derivative instruments, other than for managing the foreign currency risk by entering into forward exchange contracts to mitigate such exposure.

Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and subsequently remeasured at fair value, which is determined by reliable financial institutions. Gains on losses arising from changes in the fair value of the contracts are recognised in the income statement.

#### **4.18 Fair value measurement**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between buyer and seller (market participants) at the measurement date. The Group applies a quoted market price in an active market to measure their assets and liabilities that are required to be measured at fair value by relevant financial reporting standards. Except in case of no active market of an identical asset or liability or when a quoted market price is not available, the Group measures fair value using valuation technique that are appropriate in the circumstances and maximises the use of relevant observable inputs related to assets and liabilities that are required to be measured at fair value.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy into three levels based on categories of input to be used in fair value measurement as follows:

Level 1 - Use of quoted market prices in an active market for such assets or liabilities

Level 2 - Use of other observable inputs for such assets or liabilities, whether directly or indirectly

Level 3 - Use of unobservable inputs such as estimates of future cash flows

At the end of each reporting period, the Group determines whether transfers have occurred between levels within the fair value hierarchy for assets and liabilities held at the end of the reporting period that are measured at fair value on a recurring basis.

## **5. Significant accounting judgements and estimates**

The preparation of financial statements in conformity with financial reporting standards at times requires management to make subjective judgements and estimates regarding matters that are inherently uncertain. These judgements and estimates affect reported amounts and disclosures; and actual results could differ from these estimates. Significant judgements and estimates are as follows:

### **5.1 Allowance for diminution in inventory value**

The determination of allowance for diminution in inventory value requires management to make judgements and estimates of potential inventory losses. The allowance for declining in net realisable value is estimated based on the selling price expected in the ordinary course of business less the estimated costs to complete the sale; and allowance for obsolete, slow-moving and deteriorated inventories is estimated based on the approximate aging of each type of inventories and the prevailing market condition.

### **5.2 Property plant and equipment and investment properties and depreciation**

In determining depreciation of plant and equipment and investment properties, the management is required to make estimates of the useful lives and residual values of the plant and equipment and investment properties and to review estimate useful lives and residual values when there are any changes.

In addition, the management is required to review property, plant and equipment and investment properties for impairment on a periodical basis and record impairment losses when it is determined that their recoverable amount is lower than the carrying amount. This requires judgements regarding forecast of future revenues and expenses relating to the assets subject to the review.

### **5.3 Allowance for impairment of investments**

The Company treats investments as impaired when there has been a significant or prolonged decline in the fair value below their cost or where other objective evidence of impairment exists. The determination of what is “significant” or “prolonged” requires judgement of the management.

### **5.4 Intangible assets**

The initial recognition and measurement of intangible assets, and subsequent impairment testing, require management to make estimates of cash flows to be generated by the asset or the cash-generating units and to choose a suitable discount rate in order to calculate the present value of those cash flows.

## 5.5 Post-employment benefits under defined benefit plans

The obligation under the defined benefit plan is determined based on actuarial techniques. Such determination is made based on various assumptions, including discount rate, future salary increase rate, mortality rate and staff turnover rate.

## 5.6 Fair value of financial instruments

In determining the fair value of financial instruments recognised in the statement of financial position that are not actively traded and for which quoted market prices are not readily available, the management exercises judgement, using a variety of valuation techniques and models. The input to these models is taken from observable markets, and includes consideration of credit risk, liquidity, correlation and longer-term volatility of financial instruments. Change in assumptions about these factors could affect the fair value recognised in the statement of financial position and disclosures of fair value hierarchy.

## 6. Cash and cash equivalents

Cash and cash equivalents as at 31 December 2025 and 2024 as reflected in the statements of financial position and cash flows consist of the following:

(Unit: Thousand Baht)

	Consolidated financial statements		Separate financial statements	
	<u>2025</u>	<u>2024</u>	<u>2025</u>	<u>2024</u>
Cash	1,490	1,592	301	339
Bank deposits	3,406,001	3,487,481	1,560,387	1,605,622
Fixed deposits with maturity				
not over 3 months	<u>1,529,009</u>	<u>3,200,000</u>	<u>1,000,000</u>	<u>2,800,000</u>
Total cash and cash equivalents	<u><u>4,936,500</u></u>	<u><u>6,689,073</u></u>	<u><u>2,560,688</u></u>	<u><u>4,405,961</u></u>

As at 31 December 2025, bank deposits in savings accounts and fixed deposits carried interests between 0.001 and 3.560 percent per annum (2024: 0.001 and 5.200 percent per annum).

## 7. Related party transactions

During the years, the Company had significant business transactions with related parties. Such transactions, which are summarised below, arose in the ordinary course of business and were concluded on commercial terms and bases agreed upon between the Company and those related parties.

(Unit: Million Baht)

	Separate		Transfer pricing policy
	financial statements		
	<u>2025</u>	<u>2024</u>	
<b><u>Transactions with subsidiary companies</u></b>			
(eliminated from the consolidated financial statements)			
Sales of goods	145	147	Prices agreed between the parties due to the uniqueness of products sold to each customer
Sales of assets	1	3	Cost plus mark up
Guarantee fee income	6	5	0.5 percent per annum
Purchase of materials	200	156	Cost plus mark up
Purchase of assets	-	1	Cost plus mark up
Marketing service fee expenses	8	10	Rates stipulated in the agreement
Service fee expenses	2	2	Cost plus mark up
Interest income	2	2	5.15 percent per annum

As at 31 December 2025 and 2024, the balances of the accounts between the Company and those related parties are as follows:

	(Unit: Thousand Baht)			
	Consolidated		Separate	
	financial statements		financial statements	
	<u>2025</u>	<u>2024</u>	<u>2025</u>	<u>2024</u>

### **Short-term loan to related party**

Movements in short-term loan to related party during the year ended 31 December 2025 are summarised below.

	(Unit: Thousand Baht)			
	Balance as at	During the year		Balance as at
	31 December			31 December
	<u>2024</u>	<u>Increase</u>	<u>Decrease</u>	<u>2025</u>
<b>Short-term loan to related party</b>				
Subsidiary				
Hana Semiconductor International Limited	507,444	272,896	(780,340)	-
<b>Total short-term loan to related party</b>	<b>507,444</b>	<b>272,896</b>	<b>(780,340)</b>	<b>-</b>

As at 31 December 2025, the subsidiary had fully repayment short-term loan to the Company.

### **Directors and management's benefits**

During the years ended 31 December 2025 and 2024, the Group had employee benefit expenses payable to its directors and management as below.

	(Unit: Million Baht)			
	Consolidated		Separate	
	financial statements		financial statements	
	<u>2025</u>	<u>2024</u>	<u>2025</u>	<u>2024</u>
Short-term employee benefits	122.4	177.1	21.3	21.7
Post-employment benefits	2.8	4.2	1.1	2.6
Total	<b>125.2</b>	<b>181.3</b>	<b>22.4</b>	<b>24.3</b>

### **Guarantee obligations with related parties**

The Company has outstanding guarantee obligations with its related party, as described in Note 34.5 to the financial statements.

## 8. Trade and other current receivables

Hana Microelectronics International Company Limited	3,426,110	-	100	100	3,426,110	-
Hana Microelectronics Investment Company Limited	-	-	100	100	-	-
Total investments in subsidiaries					8,270,779	4,844,669
Less: Allowance for impairment loss on investments					(169,719)	(169,719)
Investments in subsidiaries - net					8,101,060	4,674,950

During 2025 and 2024 the Company did not received dividend from subsidiaries.

In March 2024, the Company additionally invested in 20,000 ordinary shares of Hana Microelectronics (Cambodia) Company Limited, in amount of USD 20 million or equivalent to Baht 715.04 million (2023: Baht 546 million). As at 31 December 2025 and 2024, the Company has investment in 40,000 ordinary shares of Hana Microelectronics (Cambodia) Company Limited, amounting to USD 40 million or equivalent to Baht 1,417.17 million, representing 100% of the issued and paid-up share capital of the subsidiary.

On 11 December 2024, following the resolution of the Company's Board of Directors No. 7/2024 the Company was approved to additionally invest in 10,000,000 ordinary shares of Hana Microelectronics International Company Limited, in amount of USD 100 million or equivalent to Baht 3,426 million. This involves the cancellation of the original 2 shares with a par value of USD 1 each and the issuance of 10,000,000 new ordinary shares with a par value of USD 10 each. The subsidiary registered the capital increase with the BVI Registry of Corporate Affairs on 2 January 2025. In January 2025, the Company paid the additional shares, as called by the subsidiary. As at 31 December 2025, the Company has investment in 10,000,000 ordinary shares of Hana Microelectronics International Company Limited, amounting to USD 100 million or equivalent to Baht 3,426 million, representing 100% of the issued and paid-up share capital of the subsidiary.

In testing impairment of investments in subsidiaries when there are impairment indicators, the Company has determined recoverable amounts of its cash generating units (CGUs) based on value in use calculation using cash flow projections based on financial budgets approved by the management.

During 2024, the Company recorded an allowance for impairment loss on investment in Hana Microelectronics (Cambodia) Company Limited of Baht 169.72 million (2025: Nil) in the 2024 separate income statements.

Key assumptions used in calculating value in use as at 31 December 2024 include WACC at 12 percent per annum.

### 13. Investment in associate

#### 13.1 Details of associate

Company's name	Nature of business	Country of incorporation	Shareholding percentage		(Unit: Thousand Baht)			
					Consolidated financial statements		Separate financial statements	
					Carrying amount based on equity method		Cost method	
			2025	2024	2025	2024	2025	2024
FT1 Corporation Limited	Manufacture and trading of electronic components	Thailand	49 (Percent)	49 (Percent)	303,258	369,581	372,890	372,890
Total					303,258	369,581	372,890	372,890

During 2024, the Company entered into an agreement with New Versal Company Limited for an investment in a newly incorporated company, FT1 Corporation Limited, to seek business opportunity in smart electronics industry. The Company has invested in 4,900 ordinary shares, in an amount of Baht 0.49 million, representing 49% of the issued and paid-up share capital of that company.

On 24 July 2024, the Company's Board of Directors' Meeting No. 4/2024 passed the resolution approving the Company to additionally invest in 7,448,000 ordinary shares of the share capital increase of FT1 Corporation Limited, in an amount of Baht 744.8 million, according to its shareholding percentage of 49% in that company. On 8 August 2024, the Company made a partial payment of Baht 372.4 million towards this investment, with the remaining balance of Baht 372.4 million.

### 13.2 Share of comprehensive income

During periods, the Company recognised its share of profit (loss) and share of other comprehensive income from investments in associated company in the consolidated financial statements as follows:

(Unit: Thousand Baht)

Company's name	Consolidated financial statements			
	Share of profit (loss) from investments in associated company		Share of other comprehensive income from investments in associated company	
	<u>2025</u>	<u>2024</u>	<u>2025</u>	<u>2024</u>
FT1 Corporation Limited	(26,432)	12,912	(39,891)	(16,221)
Total	(26,432)	12,912	(39,891)	(16,221)

The shares of profit (loss) and the shares of other comprehensive incomes from investments in associates had been calculated from the financial statements prepared by the management of the associated company and not being audited by its auditor. The Company's management believes that the management accounts of the associated company would not be significantly different from the accounts audited by its auditor.

As at 31 December 2025	254,628	652,900	116,238	644,814	77,739	6,357	178,651	1,931,327
<b>Depreciation for the year</b>								
2024 (Baht 337 million included in manufacturing cost, and the balance in administrative expenses)								361,905
2025 (Baht 319 million included in manufacturing cost, and the balance in administrative expenses)								343,625

As at 31 December 2025, certain plant and equipment were fully depreciated but are still in use. The gross carrying amount, before deducting accumulated depreciation and allowance for impairment loss, of those assets amounted to approximately Baht 14,395 million (2024: Baht 12,654 million) and for the Company amounted to approximately Baht 2,997 million (2024: Baht 2,733 million).

The overseas subsidiary has mortgaged the land use right and buildings with net book value of approximately CNY 21 million or equivalent to Baht 96 million as collateral against long-term loans from financial institutions as described in Note 22 to the financial statements.

During the year 2024, Power Master Semiconductor Company Limited, an overseas subsidiary, had continuously incurred operating losses, and its performance compared to its business plan led to the indication of the impairment loss. As a result, the subsidiary performed an impairment testing and recognised an impairment loss to reduce the carrying amounts of the assets to their recoverable amounts amounting to totaling KRW 79.8 billion or equivalent to Baht 1,844 million, including impairment loss on plant and equipment of Baht 1,761 million and impairment loss on intangible assets of Baht 83 million, presented as “Loss on impairment of non-financial assets” in the consolidated income statement for the year 2024. The subsidiary had determined the recoverable amount of its cash-generating unit based on value in use using cash flow projections based on financial estimates approved by management. Key assumptions used in value in use calculation as at 31 December 2024 included WACC at 15 percent per annum.

## 20. Leases

The Group has lease contracts for various items of property, plant, and equipment used in its operations. Leases generally have lease terms between 2 and 50 years.

### a) Right-of-use assets (Note 15)

Movements of right-of-use assets for the years ended 31 December 2025 and 2024 are summarised below.

(Unit: Thousand Baht)

	Consolidated financial statements			
	Land	Buildings	Machinery	Total
			and equipment	
1 January 2024	119,150	45,322	3,063	167,535
Additions	-	2,026	-	2,026
Depreciation for the year	(3,070)	(4,729)	(2,628)	(10,427)
Translation adjustment	(713)	(278)	70	(921)
31 December 2024	115,367	42,341	505	158,213
Additions	-	4,214	1,966	6,180
Disposal	(29,342)	-	-	(29,342)
Depreciation for the year	(2,189)	(4,562)	(968)	(7,719)
Translation adjustment	(8,080)	(2,751)	1	(10,830)
31 December 2025	<u>75,756</u>	<u>39,242</u>	<u>1,504</u>	<u>116,502</u>

The overseas subsidiary has mortgaged the land use right and buildings with the net book value as at 31 December 2025 of approximately CNY 21.2 million or equivalent to approximately Baht 95.6 million (2024: CNY 32.5 million or equivalent to approximately Baht 151.3 million) as collateral for long-term loans from financial institution as described in Note 22.

## b) Lease liabilities

	(Unit: Thousand Baht)	
	Consolidated	
	financial statements	
	<u>2025</u>	<u>2024</u>
Lease payments	4,803	2,456
Less: Deferred interest expenses	(55)	(198)
Total	4,748	2,258
Less: Portion due within one year	(3,346)	(684)
Lease liabilities - net of current portion	<u>1,402</u>	<u>1,574</u>

Movements of the lease liabilities during the years ended 31 December 2025 and 2024 are summarised below:

	(Unit: Thousand Baht)	
	Consolidated	
	financial statements	
	<u>2025</u>	<u>2024</u>
Balance at beginning of year	2,258	5,723
Additions	6,000	2,055
Accretion of interest	273	161
Payments during the year	(3,824)	(5,708)
Translation adjustment	41	27
Balance at end of year	<u>4,748</u>	<u>2,258</u>

A maturity analysis of lease payments is disclosed in Note 36.1 under the liquidity risk.

## c) Expenses relating to leases that are recognised in income statements

	(Unit: Thousand Baht)			
	Consolidated		Separate	
	financial statements		financial statements	
	<u>2025</u>	<u>2024</u>	<u>2025</u>	<u>2024</u>
Depreciation expense of right-of-use assets	7,719	10,427	-	-
Interest expense on lease liabilities	273	161	-	-
Expense relating to short-term leases	10,278	11,076	194	194
Expense relating to leases of low-value assets	134	237	26	128

#### d) Others

The Group had total cash outflows for leases for the year ended 31 December 2025 of Baht 10.4 million (2024: Baht 11.3 million) and for the Company amounting to Baht 0.2 million (2024: Baht 0.3 million), including the cash outflows related to short-term leases and leases of low-value assets.

#### 21. Short-term provisions

	(Unit: Thousand Baht)
	Consolidated financial statements
	Provision for product warranty
As at 1 January 2024	342,233
Translation adjustment	(2,354)
As at 31 December 2024	339,879
Recognition during period	22,028
Translation adjustment	(24,053)
As at 31 December 2025	337,854

#### 22. Long-term loans from financial institution

Movements in long-term loans from financial institution during the year ended 31 December 2025 and 2024 are summarised below.

	(Unit: Thousand Baht)	
	Consolidated financial statements	
	<u>2025</u>	<u>2024</u>
Balance beginning of year	380,885	227,376
Add: Increase during the year	-	212,243
Less: Repayment during the year	(380,885)	(35,713)
Translation adjustment	-	(23,021)
Balance end of year	-	380,885
Less: Portion due within one year	-	(46,563)
Long-term loans from financial institution - net of current portion	-	334,322

As at 31 December 2024, the overseas subsidiary had long-term loans from financial institution of CNY 81.8 million or equivalent to Baht 380.9 million, which carry a floating interest rate benchmarked to one-year lending rate of People's Bank of China (PBOC) throughout the period of the agreement and are repayable within 2026 - 2027.

As at 31 December 2025, the overseas subsidiary had fully repaid long-term loans to financial institution before maturity date.

As at 31 December 2025, the long-term credit facilities of the overseas subsidiary which have not yet been drawn amounted to CNY 130.1 million or equivalent to Baht 587.2 million (2024: CNY 40.3 million or equivalent to Baht 187.8 million).

The above loans are secured by the land use right and buildings of the subsidiary.

### 23. Non-current provision for employee benefits

Provision for employee benefits, which represents compensation payable to employees after they retire, was as follows:

	(Unit: Thousand Baht)			
	Consolidated		Separate	
	financial statements		financial statements	
	<u>2025</u>	<u>2024</u>	<u>2025</u>	<u>2024</u>
<b>Provision for employee benefits</b>				
<b>at beginning of year</b>	798,779	765,952	409,893	368,266
Included in the income statement:				
Current service cost	51,277	47,574	28,754	24,691
Interest cost	16,957	18,713	9,338	9,946
Included in other comprehensive income:				
Remeasurement (gain) loss arising from				
Demographic assumptions changes	(7,800)	(34,137)	1,395	(36,418)
Financial assumptions changes	51,947	36,284	29,407	22,055
Experience adjustments	14,167	34,744	14,049	30,134
Benefits paid during the year	<u>(46,468)</u>	<u>(70,351)</u>	<u>(17,528)</u>	<u>(8,781)</u>
<b>Provision for employee benefits</b>				
<b>at end of year</b>	<u><u>878,859</u></u>	<u><u>798,779</u></u>	<u><u>475,308</u></u>	<u><u>409,893</u></u>

The Group expects to pay Baht 73 million of long-term employee benefits during the next year (the Company only: Baht 26 million) (2024: Baht 69 million, the Company only: Baht 21 million).

As at 31 December 2025, the weighted average duration of the liabilities for long-term employee benefit is 12 years (the Company only: 14 years) (2024: 12 years (the Company only: 14 years)).

Significant actuarial assumptions are summarised below.

	Consolidated		Separate	
	financial statements		financial statements	
	<u>2025</u>	<u>2024</u>	<u>2025</u>	<u>2024</u>
	(% per annum)	(% per annum)	(% per annum)	(% per annum)
Discount rate	1.66 - 1.95	2.3 - 2.5	1.95	2.5
Future salary increase rate	4.0 - 5.0	4.0 - 5.0	4.0 - 5.0	4.0 - 5.0
Staff turnover rate (depending on age)	2.86 - 16.40	6.4 - 26.1	2.86 - 10.58	6.4 - 16.1

The results of sensitivity analysis for significant assumptions that affect the present value of the long-term employee benefit obligations as at 31 December 2025 and 2024 are summarised below.

(Unit: Million Baht)

	31 December 2025			
	Consolidated		Separate	
	financial statements		financial statements	
	Increase 1%	Decrease 1%	Increase 1%	Decrease 1%

	Increase 5%	Decrease 5%	Increase 5%	Decrease 5%
Staff turnover rate	(147)	210	(101)	150

## 24. Equity-settled share-based payments

On 15 December 2022, an overseas subsidiary issued stock grants of its shares to directors, executives and employees of the Group, with significant details as follows:

Number of stock grants issued: 41,113,486 units (16% of ordinary shares of the subsidiary)

Vesting conditions: Employees must remain in service for a granting period. The 20% of stock grants shall become vested and exercisable on the date of the subsidiary's Initial Public Offering (IPO date) and 20% of stock grants on the first, second, third and fourth anniversary of the IPO date.

During the year 2025, there were modifications to the share-based payment arrangement relating to an extension of the vesting period of the stock options until the first quarter of 2030.

In addition, during the year 2025, the Group recognised equity-settled share-based payment transactions amounting to Baht 10.1 million as income in profit or loss, together with a corresponding decrease in "Capital reserve for share-based payment" in statement of change in shareholders' equity (2024: recognised Baht 28.7 million as expense).

## 25. Statutory reserve

Pursuant to Section 116 of the Public Limited Companies Act B.E. 2535, the Company is required to set aside to a statutory reserve at least 5 percent of its net income after deducting accumulated deficit brought forward (if any), until the reserve reaches 10 percent of the registered capital. The statutory reserve is not available for dividend distribution.

At present, the statutory reserve has fully been set aside.

## 26. Finance income

	(Unit: Thousand Baht)			
	Consolidated		Separate	
	financial statements		financial statements	
	<u>2025</u>	<u>2024</u>	<u>2025</u>	<u>2024</u>

<b>Deferred tax assets (liabilities) - net</b>	<b>16,041</b>	<b>(7,898)</b>	<b>7,191</b>	<b>45,462</b>

As at 31 December 2025, the subsidiaries had deductible temporary differences and unused tax losses totaling Baht 6,768 million (2024: Baht 6,347 million), on which deferred tax assets have not been recognised as the subsidiaries believe future taxable profits may not be sufficient to allow utilisation of the temporary differences and unused tax losses. The unused tax losses will expire by the year 2039.

## 29. Earnings (loss) per share

Basic earnings (loss) per share is calculated by dividing profit (loss) for the year attributable to equity holders of the Company (excluding other comprehensive income) by the weighted average number of ordinary shares in issue during the year.

### 29.1 Weighted average number of ordinary shares

	(Unit: Thousand shares)	
	<u>2025</u>	<u>2024</u>
Balance brought forward	885,367	821,197
Add: The weighted average number of ordinary shares issued during the year	-	64,170
Weighted average number of ordinary shares	<u>885,367</u>	<u>885,367</u>

### 29.2 Basic earnings per share

	Consolidated		Separate	
	financial statements		financial statements	
	<u>2025</u>	<u>2024</u>	<u>2025</u>	<u>2024</u>
Profit (loss) for the year (Thousand Baht)	670,399	(633,672)	1,471,284	1,781,441
Weighted average number of ordinary shares (Thousand shares)	885,367	885,367	885,367	885,367
Basic earnings (loss) per share (Baht)	0.76	(0.72)	1.66	2.01

### 30. Promotional privileges

The Group has received promotional privileges under the Investment Promotion Act B.E. 2520 as approved by the Board of Investment.

Subject to certain imposed conditions, significant promotional privileges received with respect to tax are as follows:

Particulars	The Company											
	1234(1)/2555	2620(1)/2555	2199(2)/2557	59-0178-0-00-1-0	60-1432-1-00-1-0	63-1072-1-00-1-0	64-0816-1-00-1-0	64-0104-1-00-1-0	65-0289-1-00-1-0	66-0309-1-04-1-0	66-0115-1-00-1-0	67-1310-2-00-1-0

### 31. Segments information

Operating segment information is reported in a manner consistent with the internal reports that are regularly reviewed by the chief operating decision maker in order to make decisions about the allocation of resources to the segment and assess its performance.

For management purposes, the Group is organised into business units based on their products and have two reportable segments as follows:

1. The Printed Circuit Board Assembly (PCBA) Segment, which produces and sells Printed Circuit Board Assembly (PCBA).
2. The Integrated Circuit (IC) Segment, which produces and sells Integrated Circuit (IC).

No operating segments have been aggregated to form the above reportable operating segments.

The chief operating decision maker monitors the operating results of the business units separately for the purpose of making decisions about resource allocation and assessing performance. Segment performance is measured based on operating profit or loss and total assets and on a basis consistent with that used to measure operating profit or loss and total assets in the financial statements.

The basis of accounting for any transactions between reportable segments is consistent with that for third party transactions.

The following tables present revenue, profit and total assets information regarding the Group's operating segments for the years ended 31 December 2025 and 2024.

(Unit: Million Baht)

	Printed Circuit			Total reportable segments	Eliminations	Total
	Board Assembly (PCBA)	Integrated Circuit (IC)	Others			
<b>For the year ended 31 December 2025</b>

Geographic information

Revenue from external customers is based on locations of the customers as below.

(Unit: Million Baht)

	<u>2025</u>	<u>2024</u>
<b>Revenue from external customers</b>		
United States of America	3,665	6,348
Malaysia	3,137	3,166
Singapore	2,739	5,093
China	2,487	2,801
Bulgaria	893	878
Others	7,643	6,515
Total	20,564	24,801

Non-current assets other than financial instruments, deferred tax assets, are disaggregated based on locations of the assets as follows:

	(Unit: Million Baht)	
	<u>2025</u>	<u>2024</u>
<b>Non-current assets</b>		
Thailand	3,808	4,363
Korea	2,426	2,695
China	1,642	1,900
United States of America	609	713
Cambodia	269	346
Hong Kong	44	50
Others	1	3
Total	<u>8,799</u>	<u>10,070</u>

Major customers

For the year 2025, the Group has revenue from 5 major customers in amount of Baht 6,203 million, arising from sales by the Printed Circuit Board Assembly (PCBA) segment and the Integrated Circuit (IC) segment (2024: 10,882 million).

**32. Provident fund**

The Group and its employees have jointly established a provident fund in accordance with the Provident Fund Act B.E. 2530. Both employees and the Group contribute to the fund monthly at the rates of 3.0 - 7.5 percent of basic salary. The fund, which is managed by SCB Asset Management Company Limited, will be paid to employees upon terminating in accordance with the fund rules. The contributions for the year 2025 amounting to approximately Baht 82 million (2024: Baht 89 million) and for the Company amounting to approximately Baht 42 million (2024: Baht 47 million) were recognised as expenses.

### 33. Dividend paid

During the years 2025 and 2024, the Group had dividend payments as follows:

	Approved by	Total dividends (Million Baht)	Dividend per share (Baht)
<b><u>The Company</u></b>			
<b><u>For the year 2025</u></b>			
Dividends on 2024 income and unappropriated retained earnings	Annual General Meeting of the shareholders on 30 April 2025	443	0.50
Interim dividends in respect of the income for the period from 1 January 2025 to 30 September 2025	Board of Directors' Meeting on 12 November 2025	221	0.25
<b>Total for the year 2025</b>		<b>664</b>	<b>0.75</b>
<b><u>For the year 2024</u></b>			
Dividends on 2023 income and unappropriated retained earnings	Annual General Meeting of the shareholders on 30 April 2024	443	0.50
Interim dividends in respect of the income for the period from 1 January 2024 to 30 September 2024	Board of Directors' Meeting on 13 November 2024	221	0.25
<b>Total for the year 2024</b>		<b>664</b>	<b>0.75</b>

### 34. Commitments and contingent liabilities

#### 34.1 Capital commitments

As at 31 December 2025, the Group had capital commitments relating to the acquisitions of machinery totaling Baht 101 million (2024: Baht 163 million) and the Company only of approximately Baht 86 million (2024: Baht 91 million).

#### 34.2 Commitments under service agreements

The Group has future payments required under the service contracts as follows:

	(Unit: Million Baht)			
	Consolidated financial statements		Separate financial statements	
	2025	2024	2025	2024
Payable:				
In up to 1 year	110.0	47.0	10.7	18.7
In over 1 year and up to 5 years	89.1	15.9	-	11.2

### **34.3 Marketing supportive service agreement**

Since the year 2001, the Company and three subsidiaries entered into marketing supportive service agreement with an overseas subsidiary. Under that agreement, the Company and the three subsidiaries have to pay service fees to that subsidiary at the rates stipulated in the agreement.

### **34.4 Sale representative agreements**

Since the year 2015, an overseas subsidiary entered into sale representative agreement with an unrelated company with the annual service fees of approximately USD 0.6 million.

### **34.5 Guarantees**

- a) As at 31 December 2025, the Company and a subsidiary have jointly and severally guaranteed bank credit facilities extended to a subsidiary, totaling USD 30 million or equivalent to Baht 947 million (2024: USD 30 million or equivalent to Baht 1,020 million,). Additionally, the Company has provided a supplementary guarantee for trade confirmation (i.e. foreign currency transaction and cross-currency swap transaction), amounting to USD 5 million or equivalent to Baht 158 million (2024: USD 5 million or equivalent to Baht 170 million). The Company only: amount to USD 35 million or equivalent to Baht 1,105 million (31 December 2024: USD 35 million or equivalent to Baht 1,190 million).
- b) As at 31 December 2025, the Company has provided a corporate guarantee in the form of an Irrevocable Standby Letter of Credit (SBLC) issued to other company, totaling USD 10 million or equivalent to Baht 31.6 million.
- c) As at 31 December 2025, there were outstanding bank guarantees of approximately Baht 29 million (2024: Baht 29 million) issued by the banks on behalf of the Group in respect of certain performance bonds as required in the normal course of business of the Group to guarantee electricity uses, among others, and the Company of approximately Baht 28 million (2024: Baht 28 million).

### 35. Fair value hierarchy

As at 31 December 2025 and 2024, the Group had the assets that were measured at fair value or for which fair value was disclosed using different levels of inputs as follows:

(Unit: Thousand Baht)

	31 December 2025		
	Consolidated financial statements		
	Level 1	Level 2	Total
<b>Assets measured at fair value</b>			
Financial assets measured at FVOCI			
Marketable corporate bonds	1,176,292	43,420	1,219,712
Local marketable equity securities	97	-	97
Financial assets at FVTPL			
Liquidity fund	-	319,218	319,218
<b>Assets for which fair value was disclosed</b>			
Investment property	-	236,208	236,208
<b>Liabilities measured at fair value</b>			
Derivatives			
Foreign currency forward contracts	-	288	288

(Unit: Thousand Baht)

	31 December 2024		
	Consolidated financial statements		
	Level 1	Level 2	Total
<b>Assets measured at fair value</b>			
Financial assets measured at FVTPL			
Marketable corporate bonds	1,148,657	53,252	1,201,909

Local marketable equity securities	97	-	97
<b>Assets for which fair value was disclosed</b>			
Investment property	-	144,608	144,608

## 36. Financial instruments

### 36.1 Financial risk management objectives and policies

The Group's financial instruments principally comprise cash and cash equivalents, trade and other current receivables, investments and trade and other current payables. The financial risks associated with these financial instruments and how they are managed are described below.

#### Credit risk

The Group is exposed to credit risk primarily with respect to trade and other current receivables deposits with banks and financial institutions and other financial instruments. The maximum exposure to credit risk is limited to the carrying amounts of receivables as stated in the statement of financial position.

### ***Trade receivables***

The Group manages the risk by adopting appropriate credit control policies and procedures and therefore does not expect to incur material financial losses. Outstanding trade receivables are regularly monitored.

An impairment analysis is performed at each reporting date to measure expected credit losses. The provision rates are based on days past due for groupings of various customer segments with similar credit risks. The Group classifies customer segments by customer type and rating. The calculation reflects the probability-weighted outcome, the time value of money and reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions. Generally, trade receivables are written-off if past due for more than one year and not subject to enforcement activity.

### ***Financial instruments and cash deposits***

The Group manages the credit risk from balances with banks and financial institutions by making investments only with approved counterparties and within credit limits assigned to each counterparty. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through a counterparty's potential failure to make payments.

The credit risk on debt instruments and derivatives is limited because the counterparties are banks with high credit-ratings assigned by international credit-rating agencies.

### ***Interest rate risk***

The Group's exposure to interest rate risk relates primarily to its cash at financial institutions and investments. Most of its financial assets and liabilities bear floating interest rates, or fixed interest rates which are close to the market rate.

As at 31 December 2025 and 2024, significant financial assets and liabilities classified by type of interest rates are summarised in the table below, with those financial assets and liabilities that carry fixed interest rates further classified based on the maturity dates, or the re-pricing date if this occurs before the maturity date.

Consolidated financial statements as at 31 December 2025

	Fixed interest rate within 1 year	Floating interest rate	Non-interest bearing	Total	Effective interest rate (% p.a.)
	(Million Baht)				
<b>Financial assets</b>					
Cash and cash equivalents	1,529	3,343	65	4,937	0.001 - 3.560

<b>Financial liabilities</b>					
Trade and other current payables	-	-	927	927	-
	<u>-</u>	<u>-</u>	<u>927</u>	<u>927</u>	

### Foreign currency risk

The Group's exposure to foreign currency risk related primarily to its trading transactions that are denominated in foreign currencies. The Group seeks to reduce this risk by entering into forward exchange contracts when it considers appropriate. Generally, the forward contracts will mature within one year.

As at 31 December 2025, the oversea subsidiary company had outstanding forward exchange contracts, of which details are presented below.

As at 31 December 2025		
Sold amount	Contractual maturity date	Contractual exchange rate for amount sold
(Million EUR)		(EUR per USD)
1.70	3 December 2025 - 6 March 2026	1.17460

The balances of financial assets and liabilities denominated in foreign currencies as at 31 December 2025 and 2024 are summarised below.

Foreign currency	Financial assets		Financial liabilities		Average exchange rate	
	as at 31 December		as at 31 December		as at 31 December	
	<u>2025</u>	<u>2024</u>	<u>2025</u>	<u>2024</u>	<u>2025</u>	<u>2024</u>
	(Million)	(Million)	(Million)	(Million)	(Baht per foreign currency unit)	
US Dollar	151	324	47	34	31.5826	33.9879
Cambodia Riel	68	147	159	2	0.0079	0.0084
Japan Yen	37	29	29	8	0.2021	0.2155

#### *Foreign currency sensitivity*

The following tables demonstrate the sensitivity of the Group's profit before tax to a reasonably possible change in US dollar exchange rates, with all other variables held constant. The impact on the Group's profit before tax is due to changes in the fair value of monetary assets and liabilities including non-designated foreign currency derivatives as at 31 December 2025 and 2024. The Group's exposure to foreign currency changes for all other currencies is not material.

Currency	2025		2024			
	Increase/ decrease	Effect on profit before tax		Increase/ decrease	Effect on profit before tax	
		Increase (decrease)	Increase (decrease)		Increase (decrease)	Increase (decrease)
	(%)	(Million Baht)		(%)	(Million Baht)	
US dollar	+1	29		+1	34	
	-1	(29)		- 1	(34)	

#### **Liquidity risk**

The Group manages liquidity risk to meet its obligations and maintain cash balances to cover the liquidity needs. The Group has assessed that it has sufficient working capital to settle financial liabilities and concluded the risk to be low.

The table below summarises the maturity profile of the Group's non-derivative financial liabilities and derivative financial instruments as at 31 December 2025 and 2024 based on contractual undiscounted cash flows:

(Unit: Thousand Baht)

As at 31 December 2025

Consolidated financial statements			
Less than 1 year	1 to 5 years	Total	
<b>Non-derivatives</b>			
Short-term loans from financial institutions	137,384	-	137,384

<b>Total non-derivatives</b>	<b>927,138</b>	<b>-</b>	<b>927,138</b>

## **36.2 Fair value of financial instruments**

Since the majority of the Group's financial instruments are short-term in nature or carrying interest at rates close to the market interest rates, their fair value is not expected to be materially different from the amounts presented in the statement of financial position.

## **37. Capital management**

The primary objective of the Group's capital management is to ensure that it has appropriate capital structure in order to support its business and maximise shareholder value. As at 31 December 2025, the Group's debt-to-equity ratio was 0.18:1 (2024: 0.20:1) and the Company's was 0.09:1 (2024: 0.08:1).

## **38. Events after the reporting period**

On 27 February 2026, the meeting of the Board of Directors of the Company No. 1/2026 passed the resolution as follows:

- 38.1 Approving an increase in the registered capital of Hana Microelectronics Investments Co., Ltd. ("the Subsidiary") by amounting to USD 10 million or equivalent to Baht 315.83 million, from the original registered capital of USD 2 to USD 10 million. This involves the cancellation of the original 2 shares with a par value of USD 1 each and the issuance of 1,000,000 new ordinary shares with a par value of USD 10 each.

The subsidiary registered the capital increase with the BVI Registry of Corporate Affairs on 13 February 2026. After the registered capital increase, the Company will continue to maintain 100 percent of the shares in Hana Microelectronics Investments Co., Ltd.

On 27 February 2026, the Company paid the additional shares in the amount of USD 10 million or equivalent to Baht 315.83 million, as called by the subsidiary.

- 38.2 Approving the final dividend payment for the year 2025 to the Company's shareholders at Baht 0.75 per share. Thus, including the interim dividend of Baht 0.25 per share, the total dividend payment for the year 2025 will be Baht 1.00 per share. The dividend payment will be proposed for approval at the Company's upcoming Annual General Meeting (AGM) of shareholders.

## **39. Approval of financial statements**

These financial statements were authorised for issue by the Company's Board of Directors on 27 February 2026.
